

Project Demo Planning

Date	2 july 2026
Team ID	XXXXXX
Project Name	Value-Based Concept Understanding Analyser
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Explain the project overview, objectives, and problem statement of VBCUA.	2	Syed Mohammed Ayan (Team Lead)
2	System Architecture	Explain the overall architecture including Streamlit, Whisper, Sentence-BERT, Librosa, SQLite, and ReportLab modules.	5	Syed Mohammed Ayan (Team Lead)
3	User Authentication and audio upload	Demonstrate user login, audio recording/upload, and navigation	4	Palabathuni Padmini

		through the application.		
4	AI analysis demonstration	Demonstrate Speech-to-Text using Whisper, Semantic Similarity using Sentence-BERT, and Audio Feature Extraction using Librosa.	6	Palabathuni Padmini
5	Dashboard & PDF Report	Show evaluation scores, transcript, speech metrics, dashboard visualization, and PDF report generation.	5	Chintha Sai Konda Reddy
6	Testing & Conclusion	Present performance testing results, future scope, and conclude the project demonstration.	3	Dandu Mokshith

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for evaluating conceptual understanding using AI and speech analysis.
2	Solution Overview	Describe the complete workflow and architecture of the VBCUA system.
3	Live Feature Demonstration	Show user login, audio upload, Whisper transcription, Sentence-BERT semantic analysis, Librosa speech

		analysis, evaluation dashboard, and PDF report generation.
4	Q&A Session	Answer evaluator questions, discuss project outcomes, limitations, and future enhancements.
