

Demonstration of Proposed Features

Date	5 July 2026
Team ID	–
Project Name	Voice-Based Concept Understanding Analyser
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and clearly shows what is built and successfully implemented in the final solution. It serves as evidence of the completeness and scope of the proposed solution.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Voice Input (Speech Capture)	Allows users to record or upload audio of the concept.	Implemented	Yes	Users can speak or upload an audio file.
2	Speech-to-Text Conversion	Converts the captured speech into text using Google Speech Recognition.	Implemented	Yes	Accurate transcription of voice input.
3	Concept Analysis (NLP Processing)	Analyzes the transcribed text to understand key concepts using NLP techniques.	Implemented	Yes	Extracts important keywords and concepts.
4	Score & Explanation Generation	Generates understanding score and detailed explanation with improvement tips.	Implemented	Yes	Provides score with explanation and suggestions.
5	Concept History & Reports	Saves past analysis results and allows users to view history and reports.	Implemented	Yes	History page shows previous results with scores.

Feature Implementation Summary:
