

Project Demo Planning

Date	5 July 2026
Team ID	–
Project Name	Voice-Based Concept Understanding Analyser
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the team, project title and explain the problem we are solving.	3	Team Leader
2	Solution Overview	High-level overview of the solution, architecture and technologies used.	5	System Analyst
3	Live Feature Demo – Voice Input	Show voice recording/upload of concept and capture of input.	4	Developer 1
4	Live Feature Demo – Analysis & Results	Show transcription, concept analysis, score generation and explanation.	6	Developer 2
5	Additional Features	History & reports, feedback, and other supporting features.	4	Developer 3
6	Conclusion	Summarize key outcomes and future enhancements.	2	Team Leader

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce team, project name and the real-world problem our solution addresses.
2	Solution Overview	Explain the proposed solution, workflow and key technologies used.
3	Live Feature Demonstration	Walk through the system live showing input, analysis, results and other features.
4	Q&A Session	Address questions from evaluators and stakeholders.
